

Using the Speech Ranking Grid:

- Start by writing in the code numbers of the contestants in the order in which they will speak (the first speaker's code goes in the top left box).
- After each speaker has finished, mark down the rankings of all speakers up to that point. For example, after the first speaker has finished, give that person "1" since he/she is in 1st place.
- After the second speaker has finished, you are ready to give one of the speakers a "1" ranking and the other speaker a "2" ranking.
- If you do this for all speakers, then you will be done ranking the round as soon as it has ended! Transfer this information onto each student's colored ballot.
- If given a quarter-sheet – transfer this information in the same order onto it.
